

Client Meeting #1 - October 12, 2016

- Gabby needs a website to store her animations and display them to clients and friends.
- Doesn't currently have a website or portfolio
- Has a Vimeo account, is open to posting animations on there and linking them to her site
- Wants a responsive website that translates to mobile as well - videos should work across all platforms
- Should include animation videos, bio page, 2-D or character design art, possibly sound design, links to social media accounts and contact info (email).
- Possible site visitors: future employers, clients, artists / peer animators, followers / kids interested in animation
- Visual design details:
 - Simple website design
 - Modern feel, but not too sterile
 - Possible color choices: yellow and purple
 - Roundish/ softer aesthetic
- Special features:
 - Video player support
 - Possibly audio player support
